## THE GRAND LEADER SALE

Is a sure enough sale. No humbug sale. Be sure to attend original sales. The Grand Leader Sale is in full blast, come quick before the good things are gone. Carpenters and bricklayers are urging us for room.

## LADIES SECURE MANY ROOMS

MORE THAN 150 ROOMS ALREADY LISTED AND MORE TO HEAR FROM

President Briles states that over 150 rooms have been listed for the students at the summer session of the normal. One more aid society is yet to report and it is expected that when it is in there will be about 175 rooms. He thinks that every one of this number will be needed, for his receiving inquiries from all parts of the state in regard to the summer term.

The Ada normal is extremely fortunate in that regard, for with the exception of Alva, it is the only normal in the state that will not change presidents. The new presidents will assume their duties July 1, and it is also understood that there will be many changes in the faculties of the schools. These changes will take place after the summer term begins, and will mean more or less confusion. For this reason the prospective students will head for Ada where there will be a change in the presidency and perhaps only a few in the faculty. Every student will become a booster for the Ada school and the attendance will be greatly increased by their words of commendation.

## DRILLERS TO BEGIN WORK BY JUNE 15

R. L. Sanders of Fitzhugh informs the News that the Crosbie company will begin sinking an oil well on the place he is farming, the Tobe Barr place, two miles west of Fitzhugh, by June 15, and will also begin another well at the same time on Ed Fussell's place.

### A Small Suit

This afternoon Justice Brown was called on to decide a suit filed by Frierson Bros. against the Frisco railroad for \$88.05 in payment for a bale of cotton shipped over the defendant's road in 1909 and lost in transit. A few days ago the road tendered a check covering the original cost of the cotton, but the plaintiffs insisted on the payment of interest and costs and were sustained by the court in their contention.

## FAMOUS HANGMAN DIES AT FORT SMITH

Fort Smith, Ark., May 30.—George Maledon, who has a record of 88 legal executions in the United States court at this place, is dead, Maledon was official hangman at the U. S. jail here under various United States marshals in the long regime of the late Judge J. C. Parker, 1870 to 1890, who was the terror of the bad men of the Indian and Oklahoma territories.

Some of the most noted bandits of that then wild and wooly neck o'woods got their final coup from Maledon and when business was good, as it usually was, he hanged five and six a day. His last execution was that of Frank Carver, of Muskogee, who had killed his wife, Maledon's own daughter.

Maledon was not then official hangman, having retired after a busy life at the gallows, but he requested and was granted the privilege of officiating at the departure of his murderous son-in-law.

## ROUSING MEETING

CHAMBER OF COMMERCE ADOPTS CONSTITUTION AND BY-LAWS. 15 NEW MEMBERS ENROLLED

A rousing meeting of the Chamber of Commerce was held yesterday evening and that the spirit of enthusiasm growing was evidenced by the fact that fifteen new names were handed in for membership. The membership has passed the 100 mark and when a thorough canvass has been completed the number will be near 200.

The principal business of the meeting was to hear the report of the committee appointed to draft a constitution and by-laws. The committee had been doing some exhaustive work and submitted a document that with the exception of a few minor items, was adopted by a unanimous vote. The board of directors will probably hold a meeting today and take steps towards selecting committees and in putting the finishing touches on other arrangements for a vigorous campaign. The most important action yet to be taken is the election of a secretary. The board will take no chances on that, but will make sure the right man can be had before making a deal.

## WATCH THE LIST GROW

CHAMBER OF COMMERCE NOW HAS MORE THAN 100 MEMBERS

The membership of the newly organized Chamber of Commerce continues to grow. The roll now numbers more than 100, every man of which is a booster and town builder. If your name is not on the list you should put it there at once.

## HAD TOO MUCH STOCK

The great Stock-Reducing Sale of the Gubin-Barack Co. is bringing many people to town from every part of the county. The low prices that now prevail at that store is a great money saving opportunity to the public and many people are putting in a supply of clothing, furnishings, etc., for months to come.

The Gubin-Barack Co. is overstocked. They expected a very large spring business and were prepared for it with a large stock of new goods. But their business did not come up to expectations and to make sure that they will not have to carry their stock over, they are resorting to this cut-price sale. The sale includes their entire stock; every article in the store is offered at a reduced price.

W. T. Miller, a prominent citizen of McClain county, is here on a visit to his brother, J. L. Miller at the Harris hotel.

## CHAUTAUQUA A WINNER

TICKET SALES LARGE, AND SUCCESSFUL COURSE IN PROSPECT

There is every indication that Ada's summer chautauqua this year will be well patronized not only by the people of this city but by many from smaller towns in this vicinity. Interest in the chautauqua program is increasing and as the opening date approaches many are buying season tickets to get advantage of the extremely low rate offered for the entire fourteen attractions.

Professors Little and Cox are acting as local representatives of the Southwestern Lyceum Bureau and the chautauqua management for the next two weeks is in their hands. Any information desired can be secured from them and they are pushing the advertising and ticket sale in a manner that insures a large attendance.

An effort will be made to interest large numbers at Francis and Stonewall as train service to and from these two places makes it possible for any who desire to take in a full day's program and return home the same night.

All programs will be held at the Normal Auditorium as this is the only place in the city where ample seating capacity can be secured and where plenty of ventilation is also available. Inasmuch as about 500 summer students are expected to be present at that time an effort will be made to make the chautauqua a valuable aid to the regular work of the normal. Three other state normal towns are making the chautauqua a feature of the summer normal work and are planning permanent chautauqua organizations.

With the opening date so near at hand an effort will be made to secure the co-operation of all people in the city who are interested in permanent chautauqua in Ada.

Opening Monday, June 12, and continuing through Sunday June 18, the daily program follows: in the order in which the attractions appear on the platform: Orphean Male Quartet, with cartoonists: Strickland Gillilan, humorist; Dr. John Merritte Driver, lecturer; Col. G. A. Gearhart, lecturer; Everett Kemp, monologist and entertainer; Ralph Parlette, lecturer, entertainer; Dr. H. W. Sears, lecturer; Lee Francis Lybarger, lecturer; W. Powell Hale, impersonator; Grace Hall-Rhieldaffer, Soprano; Sylvester A. Long, lecturer. All Star Male Quartet with reader; Edward Amherst Ott, lecturer.

In addition to this program, the Male Quartet of the Ada Normal will give special programs afternoon and night when music is not provided on the regular program.

The hours for the entertainments will probably be 3:45 and 8:30 p. m.

### Roff Valuations

The tax rolls of the city of Roff show personal property valuations of \$175,562, and of real estate \$236,331, making a total of \$411,893. This is an increase of about \$6,000 over last year.

Misses Gertrude Thompson, Gerline Leslie and L. Conner returned this morning from a few days visit to friends at Tishomingo.

## DORMITORY FOR THE NORMAL

LOAN OF TEN THOUSAND DOLLARS SECURED WITH WHICH TO ERECT BUILDING

Through J. H. Wood and Son negotiations for a loan of \$10,000 with which to build a dormitory for the normal have been brought to a successful conclusion. In order to secure this loan it will be necessary to raise the sum of \$4,000. In other words, the loan will be based on property valued at \$14,000.

It is hard to overestimate the importance of this move. The Ada normal has been handicapped because of its lack of boarding facilities and the attendance has been much smaller in consequence than it would otherwise have been. With this obstacle removed the school will soon reach a point where the state cannot consider its abolition in case a move is made to reduce the number of state institutions.

## MEXICO GROWING MORE TRANQUIL

City of Mexico, May 30.—Pacification of the country, notwithstanding outbreaks here and there, is progressing to the satisfaction of the new authorities. President de la Barra regards the outlook as surpassing his most sanguine expectations. If he had doubts respecting the willingness of the scattered insurgents to abide the peace made at Juarez they appear to have been dissipated by scores of reassuring telegrams which have reached the capital from all parts of the country.

Messages Indicating Peace From Yucatan, Campeche, Chiapas, Tepic and other points messages have been received by Robles Dominguez, Madero's representative here, and transmitted by him to the Chief Executive declaring the intention of the various chiefs is to respect the orders of the revolutionary leader. According to figures there are at the present time 45,000 men under arms who can be counted upon to work for the re-establishment of peace under the new liberal regime.

In Sympathy with Government The forces of Asunolo and Zapata, who have made Cuernavaca their base of operations and who for a time were regarded as a possible source of discord, numbering 8,000 men, are now declared to be in full sympathy with the Government.

In Guerrero, Figueroa has 6,000 and

in Hidalgo Hernandez has 4,000 men.

Leaders in South. As an indication of the relations which have been established by the leaders in the south a commission from Cuernavaca composed of Gen. Alfonso Miranda, Col. Zapata, and representatives of Figueroa and Ansunolo arrived in the capital today to consult about the appointment of a provisional Governor for Morelos.

To Welcome Madero

Madero will doubtless receive a welcome upon his arrival here such as the capital has not seen for many a year. The demonstration will begin long before the gates of the city are reached, for a special train is already being arranged for to meet the conquering hero out on the way. In the meantime plans are going forward for a rousing outturning of the people when he appears.

## BOY DIES FROM INTERNAL INJURIES

Sunday an accident occurred at Oakman which resulted in the death of Roy Sloan, the eighteen year old son of W. J. Sloan. He attempted to catch a moving train and missing his footing was dragged some distance before turning loose. He suffered severe internal injuries as a result of which he died Monday. His funeral took place yesterday.

B. J. Corn and wife returned last night from their visit to their old home in Indiana.

TAKING MEDICINE

Taking Medicine is not as pleasing to the taste as eating a good meal, but there are times when it is just as essential to your health and pleasure. Whenever any part of a machine needs repairing it costs less if the work is done promptly and the machine will last much longer. The human body requires medicine or repairing when any of its organs fail to perform their work properly, and taken at the right

time it will save you a long spell of sickness. It is our business to supply the right drugs at the right time, and once you realize this fact you will understand how much it means to you, and you will not fail to take advantage of it.

The News does not favor issuing  
bonds to build a court house until the  
property valuations have reached a  
point that will justify the erection of  
a building that will be a credit to  
the county for half a century to come.  
However, a long step towards plac-  
ing the values on such a level would  
be taken if there were a system of  
good roads in the county, making it  
easier to get about from place to  
place. For this laudable purpose the  
News would like to see a liberal is-  
sue of bonds voted. Good roads are  
badly needed and we must have them  
if there is any possible way to get  
them.

### BACHELORS ONLY

New York Sun: In a speech at  
the Young Men's Christian Associa-  
tion of Portland, Ore., May 19, the  
Hon. Woodrow Wilson, formerly of  
New Jersey, advanced this theory  
for the reform of legislatures:

"It may be strange to hear it, but  
you know I am in favor of celibacy  
among legislators as I am among  
Christian ministers. If you want men  
to be independent let them become  
bachelors. Did you ever think of it  
that most of our temptations come as  
a result of our desire to help others  
dependent upon us? A man with fam-  
ily ties will fall into temptation  
quicker than one who has no one de-  
pendent upon him, strange as it may  
seem, and therefore it might be well  
to choose celibates as legislators."

### THE WEST AND FREE ACRES

May 31, 1911.

The free acres of the far West are  
becoming the homeseekers this spring.  
For several months a continuous  
stream of land seekers has been pour-  
ing through the cities of St. Paul,  
Omaha, and Kansas City, enroute to  
the "Golden West." These land hun-  
gry citizens are recruited largely  
from the middle west, and a large  
per centage have already chosen

their location and will establish  
homes upon arriving at their desti-  
nation. A majority of these people  
are well supplied with money, hav-  
ing sold their farms at good prices.  
The West welcomes their coming,  
for its greatest need is people.

The public lands of the nation are  
rapidly diminishing, but the loss of  
acres is more than made up by the  
creation of individual homes and cul-  
tivated fields which replace the wide  
expanses of unproductive country.

On all the irrigation projects of  
the Government the influx of settlers  
is large, so large in fact the engi-  
neers are unable to extend the canal  
systems rapidly enough to meet the  
demands for additional farms.

Today only four of the projects  
contain available Government farms  
for which water is ready. On all the  
projects the large holdings are be-  
ing subdivided as required by law,  
and numerous opportunities are of-  
fered to purchase desirable lands in  
the midst of old established commu-  
nities where the newcomer may en-  
joy a settled neighborhood, with  
schools, churches, roads, and first-  
class markets. These lands are at-  
tractive to men with ample means,  
as the hard work of getting desert  
land ready for cultivation is largely  
eliminated.

The reclamation service at Wash-  
ington is rendering valuable assist-  
ance in supplying information con-  
cerning the opportunities for home-  
seekers on the several irrigation pro-  
jects. As long as these favorable op-  
portunities exist our patriotic citi-  
zens have no excuse for leaving their  
own country to take up homes under  
a foreign flag.

### JUDGE DECIDES AGAINST

#### OLD COUNCIL AND MAYOR

Oklahoma City, May 31.—At 5:55  
Tuesday afternoon, Judge A. C. Cruce  
concluded the closing argument for  
the charter advocates in the man-  
damus proceedings before Judge E.  
D. Oldfield of the superior court. The  
judge immediately called the clerk  
to his desk, and rendered his deci-  
sion. It was short and to the point.

"The motion of plaintiffs for a per-  
emptory writ of mandamus is sustain-  
ed."

With that decision the commission  
forces won the second round in the  
legal battle for municipal control of  
Oklahoma City. In the first round, be-  
fore the supreme court last Tuesday,  
that tribunal refused to take juris-  
diction.

Almost before the supreme court had  
finished the rendition of its opinion,  
the attorneys for Mayor Grant and  
the commissioners had filed another  
action in the superior court. Argu-  
ments were begun Saturday, and the  
entire day and evening was consumed,  
after which Judge Oldfield announced  
that he would withhold his decision  
until Monday, but after considering  
the proposition he stated Monday that  
he desired further authorities on the  
question of whether the offices of  
commissioners had ever been created  
under the state law, and set Tuesday  
for the time of hearing counsel.

The hearing began at 9 o'clock  
Tuesday morning and was only com-  
pleted late in the evening, when the  
decision was rendered. Attorney T. G.  
Chambers, representing the defendant  
was at once on his feet asking for a  
stay of execution, and the court al-  
lowed one until Saturday morning.

The plaintiffs were not altogether  
willing to have a stay granted, Judge  
Cruce objecting on the grounds that  
his clients should reap the fruits of  
the victory, and also for fear that vi-  
olence might occur if Mayor Lackey  
and his cohorts remained in office.

### GEO. GOULD PREDICTS ERA OF PROSPERITY

New York, May 30.—George Gould  
spoke with great enthusiasm today  
over the business outlook of the coun-  
ty as a consequence of the decisions  
of the United States Supreme Court  
in the Standard Oil and Tobacco  
trust cases.

Questioned about his opinion of the  
American Tobacco Company decision  
he said:

#### New Era of Prosperity

"The decisions of the United States  
Supreme Court are an important  
turning point. We can now carry on  
business. We know where we stand."

"The crop outlook is good and the  
indications are for much better rail-  
road earnings. It is my opinion that  
we are launching upon a new era of  
prosperity."

#### Believes in Supreme Court

"I am a great believer in the Uni-  
ted States Supreme Court. It has been  
the bulwark of the Nation for more  
than 100 years and will continue to  
be. Everywhere the apprehension of  
business men is at an end and from  
now on we will have plain sailing in-  
to untroubled waters. Everything  
should be on the boom, and this with-  
out another day's delay."

Asked what he thought about the  
upheaval in the steel business Mr.  
Gould said:

"This is only a natural result of  
healthy competition, and in my opin-  
ion it means a betterment for the  
producer as well as for the consum-  
ers."

#### Panic of 1907

"Do you believe the reports that  
Mr. Perkins precipitated the panic of  
1907 in order to bring about the ab-  
sorption of the Tennessee Coal and  
Iron Company by the steel trust?" he  
was asked.

"Emphatically no," replied Mr.  
Gould. "No one who had so much at  
stake would be guilty of precipitating  
anything like that."

#### Dying Negro Confesses Murder

Chickasha, Okla., May 30.—Warr-  
ants for the arrest of Will Roberts,  
the negro who is lying at the point of  
death in the county jail, were issued  
immediately today after the negro con-  
fessed to the killing of Special Detec-  
tive C. H. McDonald, who was killed  
in the Chickasha Rock Island yards  
March 26. Roberts was shot by a de-  
tective while trying to make his es-  
cape from the yards Monday morn-  
ing. He is slowly dying from the  
wound. He confessed to the physician  
that he shot McDonald. He claims  
that he was in a car when McDonald  
flashed his search light on him. He  
jumped to make his escape and the  
killing resulted. Damage suits to the  
amount of \$45,000 for malicious pro-  
secution have been filed in the dis-  
trict court. Roberts, the negro con-  
fessed that he had been operating a  
barricade of things in the Chickasha  
yards for months. Hundreds of cars  
have been opened during the past year  
and goods stolen to the amount of many  
dollars.

### WHY SHE WAS PLEASED.

"Do you mean to tell me that you  
actually overcame that ancient anti-  
pathy of yours for Mrs. Muggsby and  
called on her this afternoon?" said his  
wife's husband.

"That's about the size of it," replied  
her husband's wife.

"And she was glad to see you?"

"There isn't any doubt about it."

"Why do you think that?"

"Well, I had on that old dress I've  
worn three seasons and a hat that is  
entitled to a prominent place in some  
museum for antiquities, while she had  
on a new gown just from Paris. Oh,  
yes, I'm sure she was tickled to death,  
figuratively speaking, when I called."

#### No Latitude.

An Irish school inspector was ex-  
amining a class in geography. He had  
propounded a question regarding longi-  
tude and received a correct answer  
from a lad undergoing the ordeal.

"And now," he said, "what is lati-  
tude?"

After a brief silence a bright young-  
ster with a merry twinkle in his eye,  
said:

"Please, sir, we have no latitude in  
Ireland. Father says the British gov-  
ernment won't allow us any."—London  
Scraps.

#### Seems Probable.

"Senator," ventured the reporter, "as  
you look back over the campaign, now  
that you can view it in perspective,  
does it not seem to you that there was  
—er—something lacking in the gen-  
eral management of it?"

"It does, young man."

"Well, what was it, may I ask?"

"Votes!" thundered the eminent  
statesman.

#### Poor Father.

Miss Millions—George, you'll have  
to ask father.

George—I don't like to. Your fa-  
ther always reminds me of eating  
lobster.

Miss Millions—What do you mean  
by that?

George—He's too rich and bound  
to disagree with me.

### WHAT WOULD STOP HER.

Mrs. A. G. Tator—if the women  
would just rise up, assert their rights,  
march to the polls and demand to  
vote, I'd like to know what would stop  
them.

Mr. A. G. Tator—A mouse.

#### Still Unanswered.

We are advised to live and learn.  
But why, alas! Oh, why  
Do people seldom learn to live  
Till just before they die?

#### Bargain Cigars Also?

He—I hear that your husband has  
taken to smoking again. I thought  
you insisted that he should give it up?  
She—Yes, so I did; but I found such  
a pretty smoking jacket at a bargain  
sale.—M. A. P.

#### The Wrong Title.

"I've called my new song 'Falling  
Dew.'"

"Then, my son, it will never be  
popular. It is too strongly suggestive  
of household bills and commercial  
notes."

#### Effect of Habit.

"I should think farmers would  
make the best kind of Wall street  
financiers."

"Why so?"

"Because it would come natural to  
them to water their stock."

#### Must Be a Widow.

"You say she has a great deal of  
confidence in herself?"

"Indeed she has! She has announced  
her approaching marriage and has not  
yet decided on the man she is to  
marry."

#### Fair Critics.

"She has the complexion of a Dres-  
den doll," remarked the young man in  
the box.

"By the gods!" exclaimed his chum,  
enthusiastically.

"No, by the ounce!"

#### His Specialty.

The One—You say your friend is  
an eminent scientist. Has he discov-  
ered any new truths?

The Other—Oh, no; but he has  
originated quite a number of new er-  
rors.

#### A Catastrophe.

"How was the last act?"

"Ripping. The villain stepped on  
the train of the heroine's gown."

# HOW MUCH Is a Regular Cus- tomer Worth to Your Store?

Suppose you could BUY 100 additional  
REGULAR CUSTOMERS during  
the next week or two—customers who,  
for years and years to come, would  
make a MAJORITY of their pur-  
chases of goods in your line at YOUR  
STORE? What would each of these  
100 customers be worth to you?

It is, we think, quite likely that if such  
an investment were possible, you'd  
eagerly pay TWICE AS MUCH as  
it would cost you to secure these 100  
REGULAR CUSTOMERS  
through an advertising campaign big  
enough and aggressive enough to really  
make people ACQUAINTED with  
your store.

## A BIG AFFAIR

Next Tuesday evening many of the  
representative people of the town will  
participate in a unique entertainment  
under the auspices of the ladies of  
the Presbyterian church.

The very best talent of our city,  
as well as professional talent has  
been secured. There will be scholarly  
interpretations of English master-  
pieces. Among the novel features will  
be living pictures, such as A Bache-  
lor's Dream, by the most popular  
bachelor and prettiest girls. The  
Flower Girl, Sister of Mercy and In-  
nocence, by six little tots three and  
four years of age. Then comes Table-  
aux Movants, by sweet school girls,  
and classic poses by our young ma-  
trons in Grecian gowns. Little Grand-  
mas, the sketch by twelve little girls  
in dialogue, song and dance in alone  
worth the price of admission, 25c and  
35c.

The musical numbers will be un-  
usually attractive. This popular en-  
tertainment cannot fail to please all  
lovers of art. Make arrangements to  
come and enjoy yourselves, for there  
will not be a dull moment from be-  
ginning to end. Remember the date,  
Tuesday, June 6.

Maxwell Happenings

The rain that fell Monday morning was appreciated by the people at large in and around Maxwell. The farmers were up with their work and were ready for the rain.

We had one of the best school entertainments of the age last Saturday night at the close of Miss Glennie Griffith's school. The music and singing were simply admirable, with Miss Eula Robertson at the keys and Master Noel Robertson with violin, and Mr. Robertson and Mr. Walls with guitars. The audience was appreciative; with the best of order, and I assert without fear of successful contradiction, that Maxwell school district is not excelled by any school district in Oklahoma. We feel that too much praise cannot be given Mr. Lee McIntyre and Mr. W. H. Robertson for their organization and training of the people of Maxwell community in singing. We all at times feel the inspiring spirit of music. Many

Our assistant teacher, Miss Glennie Griffith, has gone home, as her term has expired. We regretted very much to see her leave. She will attend the Normal at Ada this summer. Success to you, Glennie.

Mrs. Callie Templeton of Vanos was here Saturday night and sang a song for us which was greatly enjoyed by every one.

Miss Winnie Meek of Lanham was visiting friends and relatives at Maxwell Saturday.

Master Haskell Hooper is on the sick list this week.

Sunday school at Maxwell is still improving.

Judge Flemming has been quite sick the past week. But is better at this writing.

## PONY STARR'S WIFE HELPED IN BATTLE

Muskogee, Okla., May 10.—With the death of Clifford Hester, a boy of 18, who died at the Muskogee Hospital during the night, the second victim was added to the list of dead as a result of the battle that occurred at Porum, Okla., yesterday between Pony Starr and Joe Davis and their friends on one side and a mob of twenty-five masked men on the other side.

One of the Maxwell brothers, who is suffering from a gunshot wound in the groin, is not expected to live through the night.

**Men Send Word to Lawyer**  
Starr and Davis, who fled to the Winding Stairway Mountains, last night sent word to S. M. Rutherford, their attorney here, that they would come in and surrender if the Sheriff would send Sam Turk to them.

Tulk is a Muskogee policeman, and for years was a cowboy and rode the range with Starr.

Tulk went south on the Katy today, and is expected to return with Starr and Davis tomorrow. The cowmen claim that they were attacked by the mob, which tried to kill them, and fought in self-defense.

**Wife Repulsed Mob**  
Mrs. Carrie Starr, a pretty and slender Cherokee woman, wife of Pony Starr, the leader of the Davis faction that fought the mob at Porum yesterday, is in Muskogee tonight, and told a News correspondent a story of the battle. It was really Mrs. Starr who repulsed the mob of angry farmers and whose brain conceived the idea of escape.

She told of being on the porch of her home and seeing a mob of mounted men coming down the road.

**Knew There Was Trouble Ahead**  
"They were dressed in Mother Hubbards and wore masks," she said.

"I knew there was going to be trouble then. Yes, I was in the fight," she said with a smile and she exhibited the dress she wore at the time. There were five bullet holes in the garment and three in her apron. She cried out a warning to her husband and Joe Davis as soon as she saw the men coming.

"When they reached the house," she said, "Pony said, 'I guess my time has come, but I may get them before they get me. When the men came up to the house, they yelled: 'Come out of there, you ————'

"I told Pony and Joe to stay quiet and I opened the door. I held up my hand and told the men to be quiet, but they fired upon me. When my husband and Davis began firing on them I went to where we always kept the ammunition and carried cartridges to the boys. We had three guns, and while each used one I would load the other and hand it to the man who had emptied his. The firing lasted about ten minutes, when Joe ran out of cartridges, but by that time we had thinned out the ranks of the mob and many of them were hidden behind buildings and trees. I saw that the boys had to get away, so I went out the back door into the barn and saddled one of the horses. When I ran to the barn one of the mob shot at me. He missed me and I safely reached the barn.

**Had to Rope a Horse**

The other horse was out in the lot and I had to leave the cover of the barn and get out and run him in. I threw a rope on him and got him in. When I led both horses out of the barn one of the mob came up and fired four shots at me. He missed, but some of them went through my dress. He then became angry because I didn't fall and threw the gun at me. I picked it up and fired a couple of shots at him, and you ought to have seen him run.

"I finally got the two horses to the door and the boys rode away. Another mob came up, but didn't fire on the house. I found my house all shot to pieces. My sewing machine was broken by bullets, the mirror of the dresser was scattered on the floor of the room, the broom handle was cut in two and a handle was shot off the skillet.

"No, I'm not afraid to go back to Porum, and I'm going down there tomorrow. I am perfectly able to care for myself. I am as good a shot as my husband."

## MAY PROSECUTE OFFICERS OF THE TOBACCO TRUST

Washington, May 31.—The possibilities of criminal prosecutions of the individuals of the tobacco trust, which was ordered dissolved by the supreme court, as being carefully considered at the department of justice. Neither Attorney General Wickersham nor any of his assistants on the big cases would make any statement today as to the probable courses of the government and no decision on that point is likely to be made for several days.

In respect to criminal prosecutions, however, the tobacco case is said to differ somewhat from the Standard Oil case. In the latter Attorney General Wickersham said no criminal prosecutions were under way, but he declined to say positively that none were contemplated. Certain questions regarding the application of the statute of limitation enter into both cases and it is said the legal problems involved are very delicate ones.

## Three-Fourths Are Women.

Careful observers among the medical profession estimate that of those who seek the services of a physician three-fourths are women.

Many of these women are without question in need of surgical treatment, but perhaps the majority of them will be greatly benefited by medical treatment only.

In the course of treating such ailments, physicians have demonstrated beyond question the value of certain drugs in their treatment and, following the formula used by a physician especially successful in such cases Rexall Vegetable Compound has been placed upon the market.

Many women have learned by experience that their ailments were of such a nature that they themselves might administer satisfactory treatment. While we do not recommend such a procedure, but strongly advise that you consult with your physician, we cannot speak too highly of the value of Rexall Vegetable Compound for use in such cases.

Please remember that Rexall Vegetable Compound can be obtained only at our store—The Rexall Drug Store. Large bottles \$1.00. The Gwin & Mays Drug Co.

## Indian Leaders Will Confer

Hugo, Okla., May 31.—One of the most interesting gatherings in the history of the Choctaw nation will be held at the Old Goodland Boarding school on June 20 and 21. The gathering will be a coming together of the governors of the five civilized tribes and a delegation of prominent Indians for the discussion of matters of moment. The convention will be conducted in the manner of Indian councils and the chief purpose of the gathering is to consider some general plan looking to a final disposition of all tribal property, mineral and timber lands, etc. The questions of schools, federal prohibition, taxes and per capital payment will also be taken up.

A representative of the department of the interior will attend the conference and take part in the deliberations. The subject of timber lands is especially important. At this time the Indians will decide whether they want to dispose of their lands together with the timber thereon or to sell the timber separately and retain the lands. The matter of continuing the Indian schools as at present or discontinuing all but the industrial feature will also be taken up.

Among those who will, it is expected, attend the conference are Governor D. H. Johnson of the Chickasaws, Chief Moty Tiger of the Creeks, Governor Brown of the Seminoles and Governor Rodgers of the Cherokees.

## GOOD NEWS.

Many Ada Readers Have Heard It and Profited Thereby.

"Good news travels fast," and the thousands of bad back sufferers in Ada are glad to learn that prompt relief is within their reach. Many a lame, weak and aching back is bad no more, thanks to Doan's Kidney Pills. Thousands upon thousands of people are telling the good news of their experience with the Old Quaker Remedy. Here is an example worth reading:

John Gentilini, ice manufacturer, of Coagate, Okla., says: "About a year ago I used Doan's Kidney Pills, procured at Lane & Son's Drug Store and found them very effective in ridding me of a long-standing case of kidney trouble. I suffered from a dull ache through the small of my back and limbs and I had other symptoms of kidney disease which were very annoying. Doan's Kidney Pills helped me from the first and it was not long after I began using them that every symptom of my trouble disappeared."
